this book is about the secret knowledge of life it s knowledge that people need

a full color guide to fortune telling with the lenormand oracle explores the meanings of the 36 lenormand cards and their playing card insets to help build a resourceful interpretative vocabulary provides instructions for many spreads starting with 3 or 5 cards and building to the grand tableau spread which uses all 36 cards 416 pages and full color throughout reveals the origins of the lenormand oracle from both coffee ground symbols and playing card cartomancy more than 200 years old the 36 lenormand cards are an oracle combining

standard playing cards with images from the everyday world such as key book animals and flowers their simple predictive and non esoteric nature opens the realm of fortune telling to all offering a traditional cartomantic divination where card combinations fuse together to give clear answers in this complete guide to lenormand card reading caitlín matthews explains the multiple meanings for each card providing keywords so the reader can quickly build an interpretive vocabulary for lenormand fortune telling she details how to lay spreads starting with 3 or 5 cards and building to the grand tableau spread which uses all 36 cards she explores the significance of the playing card pips and suits on each card and how cards combine to create a variety of meanings matthews enables readers to learn the lenormand card keywords so they can both read for themselves and express their interpretations to clients providing real case histories for readers to interpret she also includes self tests and practice exercises with answers to check at the end of the book in addition to her comprehensive practical introduction to the lenormand oracle matthews delves deeply into the history of cartomancy to reveal the mythic blueprint that underlies this simple deck the key to which lies not in their imagery but in their connection to playing cards

schools do amazing work to support children from disadvantaged backgrounds but this book will enable them to do more disadvantage comes in many forms but cultural poverty where some students have relative knowledge gaps compared with their more affluent peers can be addressed successfully by schools the working classroom explores how working class students are disadvantaged by a flawed system and what schools can do to close the gap written by two experienced authors with a deep understanding of the challenges that poverty and low aspiration can bring and a passion for social justice the working classroom examines how and why we must seek systemic changes the book focuses on actions within the control of teachers and school leaders which will ensure that we create a socially just education system one that builds on the rich heritage of the working class rather than seeing their background as a weakness it offers practical ways for students and families to build on the best of working class culture whilst also empowering teachers students and parents to change the system the working classroom provides teachers with useful methods to improve the cultural capital of students from disadvantaged backgrounds that can be easily replicated and implemented in their own setting backed up by practical case studies that have a proven impact in schools with high levels of deprivation this book will enable teachers to audit their current provision and encourage them to adopt new systems and practices so that they and the wider school will have a greater impact on the lives of working class students and their families suitable for both teachers and leaders in a secondary school or sixth form college setting who seek to support social change in education and anyone in the corporate or non education world who wants to practice effective altruism or philanthropy

not much has been written about the private education sector in singapore despite the fact that the sector houses about 300 private education institutions peis and enrolls about 150 000 students private education in singapore contemporary issues and challenges is an

exciting book that aims to fill a gap in the literature in the book the author offers an extensive discussion on i the key elements of the sector types and features of the peis ii the regulatory framework for private education iii students aspiration and the impact of the aspire report on peis and iv the provision of external degree programme through transnational partnership the book also tackles the hotly debated discussion in relation to academic quality and standard of pei courses the author identifies the reasons some of them have more characteristics of a myth and suggests a number of ways to overcome the issues and challenges
